PERSONAL APPLICATION

Take some time this week to consider the following:

1. Who has provided you with the greatest encouragement in life?
2. What do you think motivated Paul to struggle (agonize) in prayer in behalf of people he had never even met? What does this teach you about true spiritual leadership? [Read Col 4:12]
3. How does Paul's purpose of exhorting the Colossian believers to be "encouraged in heart and united in love" (v. 2) facilitate their capacity for a greater comprehension of Jesus Christ?
4. What were some of the "fine sounding arguments" that you fell for before you came to Christ? What prompted you to reject these arguments? Are there any that are still hindering you in your walk with the Lord?
5. According to Paul, the church should be a place of disciplined order and strength, like a well-trained troop. Read Eph 4:16. How are you contributing to the orderliness and strength of CCK?
6. The phrases, "rooted", "built up" and "strengthened" are all in the passive form, meaning that they are characteristics that God develops in us. What role, if any, do you have in facilitating the growth of these characteristics in your life?
7. Read 1 Thess 5:16-18. One of the marks of spiritual maturity is a heart of gratitude – regardless of the circumstances. Take a moment now to thank God for "all things" knowing that "in all things God works for the good of those who love him, who have been called according to his purpose."
8. Take time this week to thank the people God has used to inspire you with their words of encouragement. And then ask the Holy Spirit for opportunities this week to inspire others with words of encouragement!
