THE

CHOOSE THE LIFE JOURNEY

Well Marked Path to Spiritual Transformation

“Everything I saw and continue to hear about Bill's ministry to our church was nothing short of amazing. Not too long ago I read R.T. Kendall's book, *The Anointing* and I would say from what he taught me, that Bill was truly anointed to help us move to a deeper level of discipleship.”

Dr. Marty Berglund, Senior Pastor
Fellowship Alliance, Medford, NJ

“Bill Hull understands that the way to grow healthy, balanced churches is through a people-building process, rather than church programs. Listen and learn from him!”

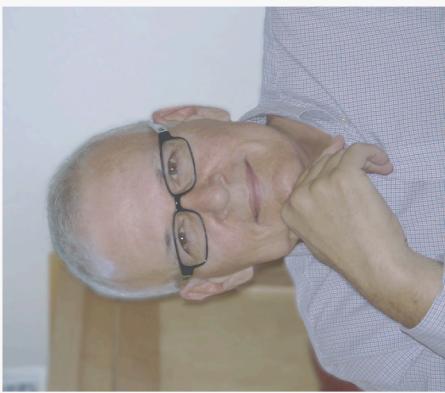

Rick Warren, Pastor
Saddleback Church, Mission Viejo, CA

“Bill Hull has learned a lot from his years in the church as a pastor and leader. He has a vivid sense that what matters is what you are on the inside; that is the place where discipleship takes hold and where the only possible foundation for uncomplicated obedience is laid. He is delightfully candid and fresh, and conveys profound substance with stark clarity.”

Dallas Willard, Author
Divine Conspiracy and Renovation of the Heart

“I don't know of anyone who has written more powerfully to help churches make disciples than Bill Hull. Go with him on a journey that could transform your ministry.”

John Maxwell
Author, Founder of INJOY

Bill Hull's God-given passion has been to help the church return to its disciple making roots, but his early passion was for basketball. He attended Oral Roberts University for the sole purpose of playing basketball and becoming a coach, but God had other ideas. His Junior year he decided to follow Jesus and almost immediately knew he would become a minister.

His first ministry was 6 years with Athletes In Action and from there he chose to follow his heart's desire into pastoral work. He received his Master of Divinity degree from Talbot School of Theology, and spent 20 years in pastoral service.

His ministry has always included writing, and now he has 11 books and many other writings to his credit.

CHANGE DIRECTION

The journey begins with Bill talking about the brokenness that led him to a new realization of an old truth: that full churches are not necessarily full of disciples and that transformation is what matters.

CHANGE MIND

Continue the journey with a study of *Choose The Life, Exploring A Faith That Embraces Discipleship*. Each of the lessons is introduced by the accompanying DVD. It challenges you to rethink what it means to be Christian.

CHANGE BEHAVIOR

Complete the journey and become a transformed disciple of Jesus. Transformation requires an act of the will followed by repeated action which in turn creates new habits that form character.
